GHI Board Backs Manager's Rejection Of Member Applicant

The board of directors of Greenbelt Homes, Inc., at a special meeting called Tuesday to consider new membership applications, unanimously upheld the decision of the manager to reject an applicant who had appealed the manager's decision to the board.

A letter from a local real estate firm protesting the manager's decision was read to the board. GHI Manager Paul Campbell reported to the board his reasons for disapproving the membership application, and the unanimous vote followed.

However, board member Harry Zubkoff raised the question of whether it was appropriate for the board to delegate to the manager the authority to reject applications for GHI membership. Campbell said that at the present time he brought to the board's attention those borderline cases which he felt required evaluation by the board.

Zubkoff recommended that either all membership applications be brought before the board for approval or disapproval, or that the manager report to the board on all rejections so that the board could be aware of them.

GHI President Ed Burgoon pointed out that the decision had been made to delegate this responsibility to the manager because these cases could be delicate and not suitable for discussion in open meetings. Frank Lastner supported this view, noting that open discussion of the background of these cases could be harmful to the applicant. Zubkoff suggested that such matters could be taken up in executive sessions.

Burgoon also noted that it was a more efficient operation to have management screen all applicants rather than to require the board to review all these cases. He said that background reports on all disapproved applications are available to board members.

Campbell admitted that he has come under a great deal of sharp criticism and even personal abuse as a result of his rejecting some applications. Zubkoff argued that such a burden should not be imposed on the manager and should be spread more evenly on the shoulders of the nine board members.

Burgoon suggested and Zubkoff agreed that the subject should be deferred for further discussion to a future meeting. It was generally agreed by the board that the manager's handling of membership applications has been completely satisfactory.

New Charge-Out System For Library

A photographic charge-out system will be introduced at the Greenbelt Branch of Prince George's County Memorial Library this week. Books will be charged out by a regiscope machine, which will photograph each transaction. In order to use the new system, library borrowers will be required to carry special identification cards, which will photograph each transaction which they may obtain at the library.

LASSIE LEAGUE

The Lassie League opened Saturday morning with two well played, tight games. In the first game the Lions beat the Indians 12-10. The second game was

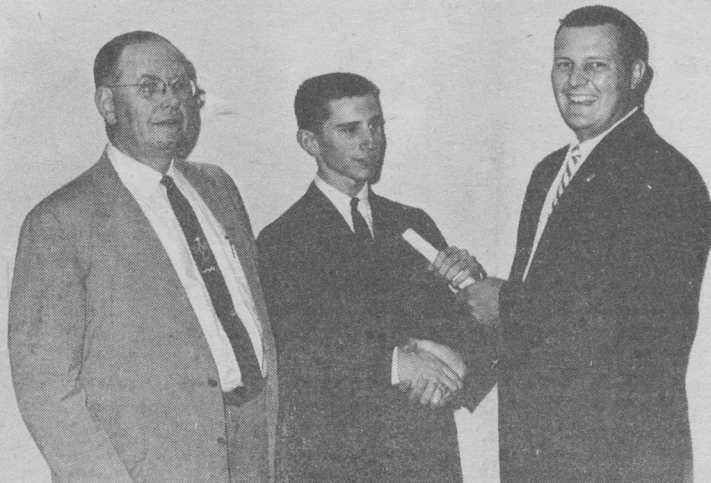

equally close, with the final score 7-5, Athletics over the Giants. On Saturday, July 1, the Indians will play the Athletics at 10 a.m. and at 11 a.m. the Lions will play the Giants. All games are played at Braden Field.

Stephen Mintz Wins Lion's Scholarship

Stephen L. Mintz, June graduate of High Point High School, was recently named as the first recipient of the Annual Lions Scholarship Award. Steve, 18-year old son of Mr. & Mrs. Samuel Mintz of 1-C Westway, placed seventh in his graduating class at High Point this year. He has been interested for several years in the field of science, and enjoys swimming, golf, and bowling. Politically, too, he is a knowledgeable young man.

Steve plans to enter Johns Hopkins in September, majoring in physics. He hopes to do graduate work in astronomy.

The \$600 scholarship has been a major project of the local Lions Club this year, and will be offered each year to the qualified student residing in Greenbelt at the time of his graduation from the high school serving this community.

Stephen Mintz accepts his scholarship award and congratulations from Lion Bill Bevan, chairman of the Greenbelt Lions' Club Scholarship Fund, while Lion Charles M. Cormack, Sr. (left), new president of the club, looks on.

Fireworks on Fourth

A gigantic fireworks display, bigger and better than last year, will be presented on the Fourth of July at Braden Field. This annual Independence Day celebration will be sponsored jointly by the City of Greenbelt and the Greenbelt Fire Department.

There will be 20 set pieces, including arrays pertinent to the Civil War Centennial, more aerial shells, and a bigger finale. Also included, for the children, will be the aeroplane, boat, and donkey displays, which were enjoyed so much in the past. are scheduled to begin at 9 p.m.

The cost of the fireworks is \$1,000, half of which is being paid by the City and the other half by the Fire Department.

July Fourth Parade Firehouse Carnival

The Fourth of July parade this year will form at Northway and Ridge at 12 noon on Tuesday. It will proceed down Ridge to Gardenway, from there to Crescent and then go on to the fire house. The parade will disperse after passing the judges' stand.

The dedication program for the new Fire Dept. building will take place at 2 p.m. The Rev. Paul Liston of St. Hugh's will give the invocation. The principal speaker is to be county commissioner Frank Lastner.

A carnival will begin at 3 p.m., behind the fire house, and the fireworks are scheduled for 9 p.m. at Braden Field.

New Doctor Begins Practice In Greenbelt

DR. TILL BERGEMANN

Early in July, Dr. Till Bergemann will begin practicing medicine in Greenbelt. He will bring to three the number of our general practitioners; in addition, Greenbelt has two local specialists.

Bergemann was born in Leipzig, Germany, the son of two physicians. He studied medicine in Leipzig and in Basle, Switzerland. In 1952 he came to the United States, where he met and married Marjorie Stamler, a nurse. He became a citizen in 1955.

Bergemann interned in New York City. He served his residency there and at Prince Georges Hospital, Cheverly.

For the last five years, Bergemann has been practicing medicine in Hyattsville with another doctor. He is currently on the active staff of Prince Georges General Hospital.

The doctor's favorite hobby is skiing, one he rarely gets a chance to indulge in nowadays. He became interested in the sport during the years he spent in Switzerland.

The Bergemanns moved to Greenbelt in June, 1957. They have three daughters, aged 5, 3, and 1.

Easement Request For Service Station Heard by Planners

By SID KASTNER

Details of a request for an easement through city-owned land, to eliminate a present traffic hazard at the Co-op service station entrance, were presented to the Advisory Planning Board Thursday evening by a representative of Greenbelt Consumer Services, Inc. The Board decided to consider the technical and legal aspects more fully before making a decision. A second public hearing may be held if the Board deems it necessary, Chairman Bernstein indicated.

During the public hearing, questions were raised concerning the legality of the proposed easement and the extent to which conditions should be attached to the easement should it be granted. The G.C.S. representative, Mr. Hess, said that the only obvious alternative, a passage through the center strip of the new roadway, had been ruled out in talks with the State Roads Commission. He used a sketch to illustrate the size and location of the requested easement, a triangular segment of the present city-owned buffer strip between the garage and 10 court of Southway. He claimed that the easement would provide necessary safety and legality -- eliminating illegal use of the northern exit against present traffic flow -- and also convenience for Greenbelt citizens.

Matt Amberg, a resident of the nearby court, asked for assurances that granting of the easement would not mean further physical encroachment by the station in the direction of the residences. It was brought out that the screening by existing hedges was not adequate. Hess replied that G.C.S. would abide by any conditions the Board thought fit to attach.

The fact that the proposed driveway would lie below the bank of the roadway and thus not be visible to residents was cited by Hess as an advantage, but was viewed as a possible traffic hazard by one questioner. Other citizens strongly urged that before such an easement be approved all possible consequences be considered carefully and the city's interest be safeguarded by attaching appropriate conditions. Among such undesirable possibilities, relocation of the gas pumps and new ownership of the station land were mentioned.

Twin Pines Pays 5% Interest, Lowers Loan Rate

The Board of Directors of Twin Pines Savings and Loan Association has declared the regular quarterly dividend at the rate of 5% per year. More than 1100 members of the local co-operative savings institution will have approximately \$5,600 in dividends added to their savings accounts on June 30th. This is the 15th consecutive quarterly dividend the Association has paid, according to Harvey Geller, President.

The Board also voted a 1/4% reduction in the rate of interest charged borrowers beginning July 1st. The new rate on loans secured by co-op homes will be 5 3/4% per year on the amount borrowed. On a thousand dollar loan for one year the interest cost is reduced from \$60 to \$57.50.

Geller also pointed out that the assets of Twin Pines have now passed the half-million mark. On June 1st they totaled \$508,722. A year ago they stood at \$268,139.

Vol. 25 No. 47

Thursday, June 29, 1961

By ELAINE SKOLNIK Granite 4-6160

It's a girl for Mr. and Mrs. Edward Janowski, 32-B Crescent. Carol Melinda made her debut June 15, weighing 8 lbs. 7 oz. She joins a brother, Michael.

Congratulations to all our Greenbelt June graduates. In ceremonies at the Junior High, the following Greenbelters received awards: American Legion, Becky Huber, Runner-up, Alice Goldberg; Student Council Award, Becky Huber; Academic Achievement, Alice Goldberg; Eshbaugh Award presented by Mrs. Eshbaugh, Naomi Baron; Knapp Award, David Hurst; Band and Orchestra, Danny Reuben, Alice Goldberg, Becky Huber; Boy's Athletic, Gary Peacock; Future Homemakers of America, Judy Poppe; Future Scientists of America, Alice Goldberg; Tri-Hi-Y, Janet Shinderman; Girl's Sportsmanship, Sandy Ciatto, Clare Rowe; Cheerleaders, Becky Huber, honorable mention, Jane Beale.

Awards at North End School were: (Correction) American Legion, Elise Geller, Harold Goldberg, Runners-up, Kenny Stair, Phyllis Chasnow; Science Awards, Harold Goldberg, Elise Geller, Nancy Newkirk, Debby Wagner, Reba Schwimer; Perfect Attendance, Nancy Newkirk, Paul Chaney; Handwriting, Nancy Newkirk, Pam Day, Runners-up, Joe Jones, Reba Schwimer, Susan Weber; Spelling, Reba Schwimer, Runners-up Susan Weber, Naomi Parker; Arithmetic, Phyllis Chasnow, Runner-up Susan Weber.

A beautifully decorated green and white cake topped by a graduation boy and girl was presented to the Center school sixth graders, on the last day of school. Awards were presented as follows: American Legion, Ruth Chasnow, Tommy Meadows, Honorable Mention, Sylvia

Reeves, Mike Dutton; recognition for outstanding abilities: Susan Jackson, Linda White, Allan Gerring, and Mike Sinkov.

A farewell luncheon at Taggs in Laurel was given for teachers Irene Eanes, Irma Hochenberry and Jeanette and Bill Yates, who will not be returning to North End School in September.

Meet new neighbors Rev. Lyle and Dotty Harper, who are residing at 2-A Northway. Rev. Harper has recently assumed the duties of minister at the Methodist Church. The Harpers, formerly of Solomon Islands in Calvert County, have two children, David age 3, and Carol, age 2.

Found: A set of car keys (ignition and trunk) in the 2 court of Northway. call GR 4-9401 after six.

Alan and Marie Kistler and their three youngsters recently returned from Pittsburgh, Penn-

sylvania, where they attended the wedding of Marie's brother, Paul Connolly. Mr. and Mrs. Joseph Connolly and their 11-year-old daughter from Huntsville, Alabama, returned to Greenbelt with the Kistlers. Maureen Conahan, Marie's niece, is spending the summer with the Kistlers.

Did you ever see a Lassie... go this way and that...with a bat. Well I did! And it was a refreshing experience watching the enthusiasm and spontaneity of the girls who were so eager to learn the techniques of soft ball. Yes, even the Lassie who cried, "But Mr. Dean, I can't see!" as he slipped the catcher's mask down over her face. And, oh, how these girls (ages 9-14) guarded their bases. Not even a ball whizzing between the bases could pry a foot off the bag. Only two Little Leaguers (boys) appeared a bit disenchanted with it all, when they discovered the rules were different in the Lassie League. With voices that betrayed a certain amount of disbelief and disgust, they groaned, "You mean they can't steal bases!" So, if you get a chance, come on down and cheer the girls on.

Local Road Repairs

Major repairs to the pavement of Lakeside Drive are being completed this week by the city crews. This will be the final project under the budget of this fiscal year. One minor road repair project, at the intersection of Woodland Way and Northway, remains to be finished. This work will fall within next year's budget.

Last week the extension of Research Rd. leading to the farm was repaved, and the top sealer coat on the road to the Youth Center was also applied.

Cooperation-another reason why

...Electric Service costs so little

Early in May we observed the first anniversary of an interesting, carefully-planned program which helps keep PEPCO's Electric rates among the lowest on the Eastern Seaboard.

We're referring to a high-capacity power interconnection with eight other Eastern Electric companies* which permits operation of our generating and transmission facilities on a group basis with those companies.

These interconnections further assure the continuing abundance of your power supply. They help keep the cost of "Matchless Service" low in two ways:

(1) By improving our operating economy; (2) by permitting reserve capacity requirements to be met on a group, rather than on a single system basis.

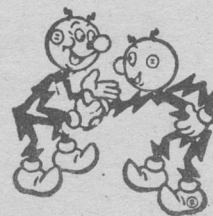

As a result, you can always be sure of an abundance of "Matchless Service," at lowest practicable cost.
